"Hey everyone! Ever written song lyrics that sound great in your head, but when you try singing them... well, let's just say it's not quite Grammy-worthy? 🎤😄 Today, I'm going to show you a super cool trick to create and even have AI sing your song lyrics – all for free! Let's dive in! 🎵"

[Setting the Scene]

"You know, getting a professional singer for your song can be tough and pricey. But fear not! We're going to harness the power of AI to create our own hit song. First, let's start by crafting some unique lyrics inspired by a random tech mind

from India. Time to call in our trusty assistant, Microsoft Copilot!"

[Step 1: Crafting Lyrics with Microsoft Copilot]

"Here's the plan: head over to copilot.microsoft.com. Now, Copilot isn't available everywhere, but if you can access it, it's a game-changer. Let's start a new conversation and ask Copilot to conjure up a song inspired by a random tech mind from India that it picks for us. Let the AI creativity flow! 🤖🎶"

[Step 2: Turning Lyrics into Music with Suno]

"Next up, we're going to transform those lyrics into a melodious tune. Visit suno.com and hit 'Create' (don't worry about my account setup, but feel free to make your own!). Toggle on 'Custom Mode' and paste in our Copilot-created lyrics. Now, for the fun part – hit 'Use Random Style' and give your song a catchy title if you like. Let's create our musical masterpiece! 🎹 🎸 "

[Step 3: Downloading Your Song]

"Voila! Suno works its magic and presents us with two unique versions of our song. Simply click the three dots next to your favorite version, choose

'Download', select 'Audio', and your masterpiece is ready for download! 🎧⬇️"

[Conclusion]

"And there you have it, folks! With a little AI magic and creativity, you've just crafted your very own song and had AI bring it to life. How cool is that? Stay tuned for more tech tips and tricks, and remember, stay tech-savvy and keep those creative vibes flowing! 💥🎵"

Feel free to add your personal touch and humor to the script! This should make for an engaging and fun video that viewers of all ages will enjoy. Stay creative and have fun with your AI song adventure! 🚀
